

## Allowed to Fall

Dare

We were sailing 'cross the ocean beneath a sky of blue  
Flying with the birds across the water  
And when I saw you smiling in the wind  
I saw myself in you, and I was young again

Now you're allowed to fall  
And you're allowed to dream  
Mistakes you make will guild you along your road  
And you will learn to love  
And live your life so free  
I know these things are happening  
I remember when they happened once to me

Well, the skies so dark and the stars so bright  
Fading with the dawn lights new horizon  
And If I had the chance to do it all again  
I'd spend my life with you  
It's all that I can do  
So tell me now

You're allowed to fall  
And you're allowed to dream  
Mistakes we make will guild us along our road  
And maybe then you will learn to love  
And live your life so free  
I know these things are happening  
I remember when they happened once to me

When I was young  
And I'm young again

You're allowed to fall  
And you're allowed to dream  
Mistakes we make will guild us along our road  
And maybe then you will learn to love  
And live your life so free  
I know these things are happening  
I remember when they happened once to me

Now you're allowed to fall
