

I Always Will

Dare

I watched the new dawn arising
From my place on the hill
And in my heart felt like lightning
I miss you then, I miss you still

Then I heard a whisper in my mind
Go on home now my son
And there's a place in my heart
We were never apart
I missed you then, I miss you still
I always will, I always will

And how many mountains did we climb to the sea
And how many bridges did we burn
Sometimes I wonder where you are right now
I miss you then, I miss you still
I always will, I always will

You were wild and reckless, born to be free
And I was scared to get too near
And in my heart there's a place
No time can erase
I miss you then, I miss you still
I always will

How many mountains did we climb to the sea
And how many bridges did we burn
Sometimes I wonder where you are right now
I miss you then, I miss you still
I always will, I always will

And there's a place in my heart
We were never apart
I missed you then, I miss you still
I always will

How many mountains did we climb to the sea
And how many bridges did we burn
Sometimes I wonder where you are right now
I miss you then, I miss you still
I always will, I always will
I always will, I always will
