

Thy Kingdom Come

Dare

I used to think when I was young
We would live our life as one
Now I know those days are gone
'Cause in my head they plant the seed
Forgive me father if I bleed
Tell me where did I go wrong

Where did we go
I need to know

Woah, Thy Kingdom Come
Thy will be done
Thy Kingdom Come

When I was young I used to dream
Of all the things I could have been
Lying in the fields of green
But in my hand they placed a gun
Against my brother and his son
A holy war we never won

My spirit flies across the open sky
And I don't know why

Woah, Thy Kingdom Come
Thy will be done
Thy Kingdom Come
Woah, Thy Kingdom Come
Thy will be done
Thy Kingdom Come

My spirit flies across the open sky
And I don't know why

Woah, Thy Kingdom Come
Thy will be done
Thy Kingdom Come
Woah, Thy Kingdom Come
Thy will be done
Thy Kingdom Come

Our Father
Thy Kingdom Come
Who art in heaven
Give us this day
