

Gone

Darin

There's a thousands words that I could say
To make you come home
It seems so long ago you walked away
And left me alone
And I remember what you said to me
You've been acting so strange
The time is passing by so slowly now
I bet you needed a change

Was it something I said to make you turn away
Make you walk out and leave me cold
If I cand just find a way to make it
So that you where right here right now

I've been sitting here
Can't get you off my mind
I tried my best to be a man and be strong
I drove myself insane
Wishing I could touch your face
But the truth remains your gone
