

Memories

Darin

I got that hope that you're giving in to me
When I'm dancing in a room that's full of strangers
Just hold me close
Never let me go again
Just be careless, only living for the danger

Don't even think of leaving
'Cause I wanna spend the night with you
Ain't even got a reason, let loose
Stop waiting for the weekend
It's all about the here and now
Yeah, you got all the reasons, freak out

Ooh, don't care what anyone says
"Baby, I'ma stay for the memories"
Said me and you
No, we don't have to go yet
Let's just stay for the memories

I might get in, don't know what you're waiting for
Go ahead and party like there's no tomorrow
Another drink, keep 'em coming, let 'em flow
If it's open then we're finishing the bottle

Don't even think of leaving
'Cause I wanna spend the night with you
Ain't even got a reason, let loose
Stop waiting for the weekend
It's all about the here and now
Yeah, you got all the reasons, freak out (Ooh)

Ooh, don't care what anyone says
"Baby, I'ma stay for the memories"
Said me and you
No, we don't have to go yet
Let's just stay for the memories

La, la, la, la
La, la, la, la, yeah
Let's just stay for the memories
La, la, la, la
La, la, la, la, yeah
Let's just stay for the memories

Ooh, don't care what anyone says
"Baby, I'ma stay for the memories"
Said me and you
No, we don't have to go yet
Let's just stay for the memories
Ooh, don't care what anyone says
"Baby, I'ma stay for the memories"
Said me and you
No, we don't have to go yet
Let's just stay for the memories

La, la, la, la
La, la, la, la, yeah

Let's just stay for the memories
La, la, la, la
La, la, la, la, yeah
Let's just stay for the memories
