

Colourblind

Darius

[Verse #1]

Feeling Blue,

Well im trying to forget the feeling that i miss you,

Feeling Green,

When the jelousy sweels and it wont go away and dreams,

Feeling Yellow,

Im confused inside a little hazy but mellow.

[Bridge]

When i feel your eyes on me,

Feeling fine, its sublime,

When that smile of yours creeps into my mind.

[Chorus]

Nobody told me it feels so good,

Nobody said you would be so beautiful,

Nobody warned me about your smile,

Your the light,

Your the light,

When i close my eyes,

Im colourblind.

[Verse #2]

Feeling Red,

When you spend all your time with your friends and not me instead,

Feeling Black,

When i think about all of the things that i feel i lack,

Feeling Jaded,

When its not gone right, all the colours are faded.

[Bridge]

[Chorus]
