

Live Twice

Darius

Don't leave now

Not yet

There were time we regret

And I'm sorry

Somehow

I only

Wanted to make you proud

If I could only let you know

I'd give up everything I own

For just one more day with you

There's nothing I wouldn't do

I could not let it pass me by

If I make every sacrifice

To bring me back your love

If only we could live twice

If only we could live twice

When you told me

I froze

It still echoes

In my soul

Please forgive me

If I didn't say

I love you

Every single day

If I could only let you know

I'd give up everything I own

For just one more day with you

There's nothing I wouldn't do

I could not let it pass me by

If I make every sacrifice

To bring me back your love

If only we could live twice

If only we could live twice

Nobody told me we'd only get one chance

I didn't know that our tide would turn so fast

Why we have to say goodbye I don't understand

If I could only let you know

I'd give up everything I own

For just one more day with you

There's nothing I wouldn't do

I could not let it pass me by

If I make every sacrifice

To bring me back your love

If only we could live twice

I could not let it pass me by

Nothing I give to sacrifice

To bring me back your love

If only we could live twice

If only we could live twice

We'll meet in another life

If only we could live twice
