Dark Age

```
Brothers & sisters, find your way home
Brothers & sisters, I feel so alone
Brothers & sisters, don't you know
Brothers & sisters... why I feel so

I want you to know that I still feel
I want you to know that I still believe

Wherever I go, I know I will be yearnig
Whatever I know, it's my world that's burning
Never felt free to go where I long
Never felt free to sing this song

Brothers & sisters, I love you so/ I hate you so
Brothers & sisters, I need to go
Brothers & sisters, don't you know
Brothers & sisters... that life will show
```
