

Terrifier

Dark Divine

(Terrified
Terrified
Till death do we be terrified
Terrified
Terrified
Till death do we be terrified)

Terrified
Terrified
Till death do we be terrified
Terrified
Terrified
Till death do we be terrified

I'm so tired of wasting your time
And feeling like I'm not in the right state of mind
And everybody says I'm gonna be fine
But words mean nothing to the deaf and the blind
And I'm scared of what you'll think of me
If you see my insecurities
A victim of my own mentality
I don't want you to see this side of me

I'm terrified
From what I try to hide inside of me
My lies can't save me anymore
It's paralyzing
To know where your demon's hiding
I don't even want to try
Till death do we be terrified

Terrified
Terrified
Till death do we be terrified
Terrified
Terrified
Till death do we be terrified

Here we go again
Another day gone
Another pain from
All of my mistakes
I'll never be free
From what I don't want you to see
A glass half full is still a heart half empty

My dead unwanted spirit loves to wander aimlessly
And the demons that I sought to destroy is starting to look just like me

I'm terrified
From what I try to hide inside of me
My pride can't take this anymore
It's paralyzing
Knowing where your demon's hiding
I don't even want to try
Till death do we be terrified

I can't stand the sadness in your eyes
When you look at me the way I feel inside
I don't want to leave myself behind
But I know that if I don't I won't be able to survive

We're all just terrified

I'm terrified
From what I try to hide inside of me
My pride can't take this anymore
It's paralyzing
Knowing where your demon's hiding
I don't even want to try
Till death do we be terrified

Here we go again
Another day gone
Another pain from
All of my mistakes
I'll never be free

I'm terrified
Till death do we be terrified
