

# Morbid

Dark Lotus

I was eight years old and morbid  
Did what I was told, so morbid  
Since way back then, I've hated cops  
I got one in my trunk, now I'm morbid  
I sleep in a coffin, morbid  
What a dead body in it, more morbid  
I made love to a stiff  
Her butt I'm stiffin' in high, right outta this orbit

That look in my eyes, now that's morbid  
Kidnapping with knives, so morbid  
Cut her into pieces, I, that's morbid  
Then I make her meat white, now that's morbid  
I'm not a creature aye, I'm morbid  
I can delete your life, now that's morbid  
Follow him to speak for awhile, that's morbid  
Hit em with the cleaver style, now that's morbid

My gruesome fascination become  
My daily occupation  
Which brings us to this situation your  
(Morbid murder! Morbid murder!)

Every thought conceived is morbid  
When I stab you, bleed that's morbid  
Live by assassins creed, it's morbid  
When you don't believe I'll get morbid  
The stank on my breath is morbid  
Dried blood on my chest, that's morbid  
Only bones has left, it's morbid  
I'm the angel of death, I'm morbid

I collect dead things, that's morbid  
Where the bones theres rings, that's morbid  
Bathe in their blood, that's morbid  
Do it for the love and that's morbid  
I love to kill and that's morbid  
Still kill to thrill and it's morbid  
Please no more pills in this morbid  
Don't no what's real and it's morbid

Super glued my dickhole shut, that's morbid  
Razor blade open it back up, still morbid  
Piss a blood in a mouth of a slut, now that's morbid  
Slit her neck, direct this final cut, hella morbid  
Heinous, creepy, deranged, insane, I'm morbid  
Coat hanger scratching my metal plate, still morbid  
Finger painting hell on a window pane, that's morbid  
Play with dead bodies like I'm insane, now that's morbid

I'm addicted to pain, so morbid  
Let's go get the chain, so morbid  
I'm dangling again, so morbid  
Lotus in black rain, so morbid  
Mill more body parts, so morbid  
Blood splatter is art, so morbid  
Diseases starts to spread, it's morbid

Tell everyone's dead, it's morbid
