

# Price of Life

Dark Lotus

What would you like to do if money were no object? If you would say that getting money is the most important, you will spend your life doing things you don't like doing in order to go on living. That is to go on doing things you don't like doing. Which is stupid. Better to have a short at life that is full of what you like doing than a long life spent in a miserable way

What if life costs money to live for  
Help life with money, the price of life

Who I gotta pay cause I want my money back  
My life was in the perfect glass, psycho maniac  
I was having dinner he was swinging with an axe  
He was just a sinner, I was dead on contact  
Tally it up, I'm bout to expand on lifespan  
When you off if the end quick, that's some fuckin' bullshit  
What about reviews, can I pay for that  
Is there a way to come back and eliminate them like that

How much loot is your single life worth?  
What is the price tag to live on Earth?  
What would you pay to live another day?  
That's just the way some would say  
Can you afford to have a child?  
You're playing with your life when you're spending wild  
Would you pay top dollar to live another year  
Or leave it all behind for the folks you care for?

Seconds cost a dollar, minutes are forty five  
Hours in the hundreds, going broke to survive  
Struggle in this life, death is a release  
From the price that you pay just to live it in peace  
Free of disease, no worries of inflation  
You got life right by the nuts, it's for the taking  
Just a simple pain and it's over, no playing  
Time is up, you're dead where you're staying, no delaying

If I only had a dollar, only one to spend  
Would I keep it for myself or would I split it with my friends  
If I had a hundred dollars, then would I be rich?  
Probably spend it on my bar, tailing just another bitch  
If I had a million dollars would I still act the same?  
Would it really buy me happiness and take it all away?  
If life cost's money then I'ma never retire  
Cause I plan on living forever like a vampire

How bout the breath, is that the cost?  
Do I get back money for the time I lost?  
Do I get a discount for when I'm sick?  
Does it cost any less if my life ain't shit?  
When you see a motherfucker that's old and heathly  
You know that fool was living golden weathly  
If I'm in a coma can I get a refund?  
No, still I get hold and shunned
