

Victory

Dark Lunacy

Time stops after the rain
Sunshine hugs cold tears
Beyond... I feel myself beyond
Our dark seasons come, return to light

Now you can take me, now I can feel you, a soldier by my side
Towns, squares, streets filled with people
fighting for Motherland

[Этих дней не смокнет слава
These days will not cease glory
Не померкнет никогда
Do not ever fade
Партизанские отряды
guerrilla groups
занимали города
occupied cities]

My fear leaves off forever

Rain shall fall over the corpses
Darkness hugs cold flesh
Beyond... I feel myself beyond
Our dark seasons come, return to light

Now you must fight 'em, now you are a soldier by my side
Towns, squares, streets, filled with people
fighting for Motherland

[Этих дней не смокнет слава
These days will not cease glory
Не померкнет никогда
Do not ever fade
Партизанские отряды
guerrilla groups
занимали города
occupied cities]

Here it comes... the Day of Victory

A day of revenge shall come, for all, in a partisan cry
Build another wall of peace in the world
And there'll be justice for all

A new season blows and nothing like before
Sunshine hugs cold tears
Bring me some water, it's last time I need it
I'm waiting for the last news, bringer of hope

[Этих дней не смокнет слава
These days will not cease glory
Не померкнет никогда
Do not ever fade
Партизанские отряды
guerrilla groups
занимали города
occupied cities]

And I can't die, I can't die before that

[И останутся как сказках
And will remain as in fairy tales
Как манящие огни
How alluring lights
Шли лихие эскадроны
Went dashing squads
Приамурских партизан
priamurskih guerrillas]

A new season blows and nothing like before
Sunshine hugs cold tears
Bring me some water, it's last time I need it
I'm waiting for the last news, bringer of hope

Victory!
Victory!
Victory!
