Wheel of Fortune

Dark Moor

I am just here
I was before
locked in a cell, madness came and tore
I look the gear
begin to turns
and now i will know what I must learn
creatures around
hung to the wheel
evil and goodness breaking their deal
and they surround
waiting their time
to change in my soul who Iým
[bridge:]
Through the times runs the wheel
in itýs essence thereýs bad luck and weal
Iým in eternal quest
of the balance on which the world rests
[chorus:]
I live in to the wheel, life like a sigh
and thus fortune turns forever
inside Iým born, inside i die
my life happens fast whoever
I saw the sphinx
over the wheel
she showed me all that i can feel
so I can think
to find my way
and can forget yesterday
[bridge]
[chorus]
