

# The Temple of Darkness

Dark Princess

The temple of darkness  
So much pain and it's so strong.  
No more desire  
To live and to breathe  
It is all gone.

So, ashes to ashes...  
I feel the chains of emptiness  
There is nothing ahead

[Chorus:]  
You will come as  
The savior of souls,  
To specify the way and never let go,  
You will say:  
"Let's pretend we are dead  
There's nothing to fear, but now  
We must live, you know, we must live"

I should open the secret  
The temple of darkness in my soul  
How can I keep it,  
When you give so much light and hope?

So, ashes to ashes...  
Now I can break the chains of pain,  
Follow me till the end

[Chorus]

My temple of darkness....  
Now I can break the chains of pain...
