

Cliffhanger

Dark Sarah

(Marching through the tides)
If I could change, I'd change what's mine to change
(Marching through the tides)
Give me a sign and I'll jump from the heights
And they can wonder why I feel down and died
(Marching through the tides)
Give me a sign and I'll jump to the sky
(Marching through the tides)
Give me a sign and no one asks you why
You still loved me or why am I still here
The morning comes turning to a day
And I'll be colors in the

Rainbow world
You'll find out it changes you
Rainbow world
You'll find out how strange it is
In the Rainbow world
You'll be the foam on the sea
It's a rainbow
It's a rainbow world for me

(Marching through the tides)
Rainbown world!
(Marching through the tides)

You fantasized about the dark
And let the evil light its spark
(Marching through the tides)
Give me a sign and I'll jump to the sky
(Marching through the tides)
Give me a sign and no one asks you
Why did it become real, and why am I still here

Rainbow world
You'll find out it changes you
Rainbow world
You'll find out how strange it is
In the Rainbow world
You'll be the foam on the sea
It's a rainbow
It's my final fall and the afterglow!

At the brake of dawn
The Cliffhanger falls
At the brake of dawn
The Cliffhanger falls

Rainbow world
You'll find out it changes you
Rainbow world
You'll find out how strange it is
In the Rainbow world
You'll be the foam on the sea
It's a rainbow
It's a rainbow world
It's a rainbow world, a rainbow world

It's my final fall
Rainbow world
You'll be the foam on the sea
It's a rainbow
It's my final fall and the afterglow!
