

## Violent Roses

Dark Sarah

"Lallallllaa! Perfect night, perfect sleep, perfect morning!  
I cannot wait to see how my flowers feel today.  
Be a rose, be a sage, a tulip or a bluebell  
Motherly joy it brings to me  
To give them love and care, water and  
What is this?

"The garden once so red is now full of death  
All is gone, torn apart are my dearest friends.  
Maybe I wanna hurt you violently  
All is gone, torn apart are my dearest friends!  
Maybe I'm gonna hurt you violently  
Silently you will pay...  
... you will pay for this."

"Poison ivy, thorn and broom, lily of the valley  
They are now my new best friends, helping me to revenge!  
Snakeroot, doll's eyes, oleander and deadly nightshade.  
Belladonna, how convenient a name for a plant of bane"  
(Belladonna what a name!)

"All my roses torn and dead, but hail my new friends,  
Poisonous and spiky are they!  
Look at this venomous garden... hahahahahaha  
Powerful, sneaky and quick!  
Now I got it... a poison apple!"

"Maybe I'm gonna hurt you violently!  
Poison ivy, thorn and broom, lily of the valley!  
Maybe I'm gonna hurt you violently!  
Snakeroot doll's eyes, oleander  
And maybe a suicide tree... hahahahah!"  
(Lallllallaa!)

"Lallallllaa, into the oven goes this pie I made with "love and care".  
How I always loved to cook, make you a supper.  
(... The poisonous pie...)  
This time you will be surprised but only for a while,  
(... Now take a bite...)  
Cause once you swallow a piece of this pie of poison apples  
(... Just swallow the bite...)  
I will just watch while you are squirming in your pain.  
You little snake!"

"The garden once so red, is now full of death.  
Poison ivy, thorn and broom are my dearest friends.  
Maybe I'm gonna hurt you violently  
Me and my deadly plants have now evil plans..."
