

# Drowned Out Voices

Dark Tranquillity

Imagination will find a way  
Imagination will find a way

To subvert what we think we know  
Through co-opted voices telling lies  
How do we verify, how do we verify?  
Altered ways to further opinion  
As it spins out of our control  
No chance for consent in opinion  
When distrust is the goal

Can you hear it, can you feel?  
Can you see behind the chaos and the noise?  
Can you hear it beyond the lies  
Calling out our drowned out voices?

Imagination will find a way  
Imagination will find a way

For unprovoked attacks on the tenets of trust  
Foundation of community  
How do we reconcile, how do we reconcile?  
With baseless information  
We are woefully unprepared  
No chance for truth in words  
When distrust is the goal

Can you hear it, can you feel?  
Can you see behind the chaos and the noise?  
Can you hear it beyond the lies  
Calling out our drowned out voices?  
Now

We are too easy to manipulate  
Now the value of our words reside  
In the space between us

We are too easy to manipulate  
A simple mind for simple thoughts  
The value of our words reside  
Inside the space between us  
Imagination will find a way  
Another truth from within the lie  
The first swell before another one hits  
Can you hear it, can you hear it?

Can you hear it, can you feel?  
Can you see behind the chaos and the noise?  
Can you hear it beyond the lies  
Calling out our drowned out voices?  
Now

We are too easy to manipulate  
Now the value of our words reside  
In the space between us
