~ The One Who Dwells Above the Heavens ~
~ and below the Earth~

Excelled in condemnation -
iron chains of immeasurable weight
cast upon bones.
Command damnation -
cover their jaws with rough stones!
Vengeance for leading astray in devilish mirth
those who dwell upon the Earth.
Loathing repentance -
refusal of spiritual rebirth
of those who dwell beneath the Earth.

It is the one whose glory extends
above circles of high,
whose might roots in the abysmal below,
it is this exalted genius they decry,
with utter ignorance and asinine woe.
Vengeance for leading astray in devilish mirth
those who dwell upon the Earth.
Loathing repentance -
refusal of spiritual rebirth
of those who dwell beneath the Earth.

Ensorcelled in eternal salvation -
enthean obedience bluntly begotten intones,
ruthless agitation -
atonement for life death enthrones.
It is the one whose majestic ascent non can defy,
It is his stellar culmination they scry,
whose radiant scepter of lucid burnish is aglow,
with a deep-drawn sigh and malign sorrow.
