

# Cannonball

## The Darkness

I see the girl that I've always adored  
A body like that deserves some kind of award  
I imagine her naked with a towel in my lap  
My own telekinesis (something about a book in a strap?)

I'm tired of sleeping with a broken heart  
Gotta get out and got to make a brand new start.

Cannonball. Cannonballin'  
Cannonball. Gonna get you wet,  
Wetter than a waterfall.

Cannonball has got it's hooks in me  
Do it at every opportunity  
Much more fun and less appropriate  
I search the land for the ultimate  
(and failing)

Oh preacher, teach a man at risk of demise  
Evil princess... put tears in my eyes

Cannonball. Cannonballin'  
Cannonball. Gonna get you wet,  
Wetter than a waterfall.

How dare you...

Cannonball. Cannonballin'  
Cannonball. Gonna get you wet,  
Wetter than a waterfall.

Cannonball. Cannonballin'  
Cannonball. Gonna get you wet,  
Wetter than a waterfall.
