

# Hammer & Tongs

The Darkness

There's a fire  
In the city it's burning,  
It's out of control,  
My oh my

There's a fire  
In the city it's burning,  
I give you my heart and my soul  
Make me cry

Give me a chance and I'll take it  
Show me some love and we'll make it

Baby we're right where we belong  
And we're going at it, hammer  
Hammer & Tongs!  
Baby we're right where we belong  
And we're going at it, hammer  
Hammer & Tongs!

Hammer & Tongs.

Now the sun rises over the city the stars are all gone  
Bye bye!  
The pavement is burning my feet but the fire rages on  
You and I

I gotta say this is a great night  
Don't even know by the daylight

Cos baby we're right where we belong  
And we're going at it, hammer  
Hammer & Tongs!

Oh yeah

N baby we're right where we belong  
And we're going at it, hammer  
Hammer & Tongs!

Hammer & Tongs.

Hammer & Tongs.

There's a fire!  
In the city!  
Out of control  
Out of control  
Oh woah oh woah

Baby we're right where we belong  
And we're going at it, hammer  
Hammer & Tongs!
