

# Heart Explodes

## The Darkness

I'm standing on a cliff top  
And I'm looking out to sea  
The sirens of the Netherlands  
Are beckoning me  
I'm trying to write a ballad  
That makes you want to stay  
They're easy to come up with  
But they're difficult to play  
'Cause I know what I'm supposed to do  
But I don't know if I can  
Sell the world a story  
'Bout a woman and a man  
Who meet at the beginning  
Together they belong  
It feels like they are winning  
Until everything goes wrong

Take me to the open road  
I'll run until my heart explodes  
Take me to the open road  
Or give me back the love I'm owed  
'Til my heart explodes  
'Til my heart explodes

I'm standing in the weather  
And I can't open the door  
Then suddenly it hits me  
This isn't my house any more  
I knew you wouldn't listen  
So I've given you carte blanche  
To build a clown asylum  
On the Neverland Ranch  
I can't believe it's over  
I can't believe I'm free  
To sleep with anybody  
Who wants to sleep with me  
I never wrote that ballad  
There isn't such a song  
I tried to make you happy  
And then everything went wrong

Take me to the open road  
I'll run until my heart explodes  
Take me to the open road  
Or give me back the love I'm owed  
'Til my heart explodes  
'Til my heart explodes

Free to love again  
Like the love you never showed  
Free to love again  
Love 'til our hearts explode  
'Til my heart explodes  
'Til my heart explodes  
...
