

Laylow

The Darkness

If you're looking for somewhere to go
For an aftershow
And you like it smoky
There's a lovely little place I know
And it's called Laylow
It ain't no jokey

Laylow
Sanctuary
No-one can see behind the door-a
Laylow
Haven of dreams
They got Cara Delevingne
And Rita Ora

With the paparazzi on your tail
You fancy egg of quail
And you are thirsty
Duck into its welcoming embrace
Where the food is ace
And the bubbly's bursty

Laylow
Sanctuary
No-one can see behind the door-a
Laylow
Haven of dreams
They got both the Delevingnes
And Rita Ora

When the great unwashed in this old town
Start to get you down
Leave me alone-y
Let the doorman bring their night to an end
While you just pretend
To be on the phone-y

Laylow
Sanctuary
No-one can see behind the door-a
Laylow
Haven of dreams
They got all the Delevingnes
And Rita Ora
