

Shit Ghost

The Darkness

Take a sheet from the bed
Cut two eye-holes and put it on my head
I just can't get you to admit
That I'm always by your side
In spirit

Like a shit ghost
Rattle my chains
Go woo (Woo!)
I wanna haunt this place

But you take me for a fool
To now take me as a ghoul
You're a broken hearts collector
And an omni-present spectre
Spectre

Like a shit ghost
Rattle my chains
Go woo (Woo!)
I wanna haunt this place

If it wasn't for you

A shit ghost
Rattle my chains
Go woo (Woo!)
I wanna haunt this place

But I never had the guts
Come and interact
I only wanna scare you
Provoke you to react
