

Always

DARKOO

Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day
Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day

If roses are red, the violets are blue
If you were a twin, I'd still pick you, you
Coulda been us in the coupe, true
Coulda been us with the stars in the roof
Don't get it confused
I'ma show you the views on a yacht or cruise
'Cause it's you that I choose

Though I been thinkin' 'bout you always, girl
Gimme a reason that I write
Can't compare to you and I
Even if doors are suicide
Gimme a reason now to try
Even if doors are suicide
Gimme a reason now to try

Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day
Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day

You've been on my mind, I no fit left you now
You and I know I deserve some love
On the road like forty days from now
Steady trapping, wallet chasing now
Told you I'ma make it up to you
I no fit do, so you shouldn't ask me what it do
You make me sad, I no fit lie you
I thought you was down to roll with the trapper man
Girl, I'm away from home, yeah, yeah, yeah
Man, I drop a man
Live my life all alone, steady blowin' trees, me a ganja man
I've been blowin' trees like a rasta man
Back to my trap, then it's prrrrdibambam

Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day
Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day

I'm super superstitious
So unless that pussy's A1, man, I don't want the black cats 'round me
Huh, and I'll hit her bredren and her bredren if she allow me
Why you press? Not your ex
Fuck your bitch, you're upset
Over, but not over me
Ovaries, still I keep her eggs
I'm still Big Drippo, still one hunna
And I still get booked for the summer
Uh, you wanna talk about shit that don't concern you?
Niggas are bitches, 'cause I already got that strap on me
And since I run this new era

It makes sense why they wanna cap on me
And I love my woman like lizzy
Come get busy, don't act up on me
I gift hype, I don't take it
So it never was me that was naked
Bitch

Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day
Baby, I been thinkin' 'bout you always
Dreamin' of our love from the first day
