

Disturbing U

DARKOO

Even if na wheel barrow carry me come
I go still raise my shoulder
I don't have time I'm just involved
And I know what I offer
All my friends say I'm loyal
If no be money na focus
I don't have time for no one
That's not putting food on my table
I'm unstable, I no send, I no send you
I no fear, I no fear you
I no pretend, no strength
No strength, I no go fit lie

This is the reason I just keep things to myself
I mind my business, I don't mind nobody else's
I stack my cash in silence, no one has to know
I'm on my own

So why is my happiness disturbing you
Disturbing you
Disturbing you
Disturbing you
So why is my happiness disturbing you
Disturbing you
Disturbing you
Disturbing you
So why is my happiness disturbing you

Oh no!
Don't come to fuck up my zone
Only real ones in my condo
We pull up in a green Lambo
In case you don't know
Atilo ohh
They don't know we are so far gone
More love to my real day one
Enemies we dey hate on us we go still show love

All this while na God
I fit give my life for love
Them don chop my eye taya
But I still no reason am
Coz I dey live my life

So why is my happiness disturbing you
Disturbing you
Disturbing you
Disturbing you
Why is my happiness disturbing you
Disturbing you
Disturbing you
Disturbing you
So why is my happiness disturbing you
Disturbing you
Disturbing you
Disturbing you
So why is my happiness disturbing you

Disturbing you
Disturbing you
Disturbing you
So why is my happiness disturbing you

Ahhh baby
Say I been on my knees
Now I want to be free, yeah
