

Shayo oh
I just want to sip Hennessy, let me shayo

When it's all said and done
Mama said make sure you're number 1
So we can chill, drink, vibes and ting
Sip on the whine and ting (Oh)
Flex, sing, wear your bling
Teeth with the ice filling

Oluwa lo n şo mi
Everyday we getting money
Even na my pastor say no dulling
Blessings dem are coming (Coming)

Oluwa lo n şo mi
Everyday we getting money
Even na my pastor say no dulling
Blessings dem are coming (Coming)

Shayo oh (Shayo oh)
I just want to sip Hennessy, let me shayo (I just want to sip)
Shayo oh (Shayo)
I just want to sip Hennessy, let me shayo

I hope God can forgive the crime shit
I went to church, had to take my knife in
But I prayed, then, it was timing
Now the Lambo is zero mileage

I was riding, gliding without no knowledge
In the jailhouse 16 eating on porridge
Now we're warriors, drank Henny in college, ay
Notorious like Christopher Wallace

Imma say it, Imma spray it, I'm not gonna stop
They can't take me away, I've got my Glock
Oh, my days, on the pave, I just don't trust
But if her shapes figure 8 I'm just gon' fuck

Yeah yeah yeah, let me shayo
'Cause I've got my PTSD straight of the road
Yeah yeah yeah

Shayo oh (Shayo oh)
I just want to sip Hennessy, let me shayo (I just want to sip)
Shayo oh (Shayo)
I just want to sip Hennessy, let me shayo oh

What goes around comes around, that's karma
But I'm here standing still, a big baller
Do my dirt, pray to God, our Father
Pass me the Henny 'cos I don't need water

What goes around comes around, that's karma
But I'm here standing still, a big baller
Do my dirt, pray to God, our Father

Pass me the Henny 'cos I don't need water

Shayo oh (Shayo oh)

I just want to sip Hennessy, let me shayo (I just want to sip)

Shayo oh (Shayo)

I just want to sip Hennessy, let me shayo

Shayo oh (Shayo oh)

I just want to sip Hennessy, let me shayo (I just want to sip)

Shayo oh (Shayo)

I just want to sip Hennessy, let me shayo oh

So bring more shayo

For my guys in the club, in the town, put on [?] forget your sorrows

See the way shayo on the blues dey make us dey cool uh uh

On God

All the blessings are blessings from God

All the money we spend on top for you

So I just wanna sip
