## **Black Throne**

I whisper and moan My life seems sealed Time to face my misery And my mind flees into Wounds hat never healed I coast aside my pretty fears And I forsake the known I am on a trip In search of my black throne Can I endure the rain? Can I stand the pain? Day after day my fate tore me up inside The rope is cut Eyes forever shut I am falling! Falling! What I used to feel? What I used to need? I don't know who this is from who I need to be feed

Ghosts keep haunting me In my shattered soul And they make it heir abode Take my self control

Afraid to realize It's not an unknown farce I need to be the one to exorcise me

And as a blind man I would dance Days and years passed by But there's a whisper From the soul that hides

Can I endure the rain? Can I stand the pain? Day after day my fate tore me up inside The rope is cut Eyes forever shut I am falling! Falling!

What I used to feel? What I used to need? I don't know who this is from who I need to be feed

Ghosts keep haunting me In my shattered soul And they make it heir abode Take my self control Darkseed

Spark my screams 🛛 there's no deliverance

Darkness falls  $\square$  there's no deliverance Haunt my dreams  $\square$  there's no deliverance Hell doth rise  $\square$  there's no deliverance

Can I endure the rain? Can I stand the pain? Day after day my fate tore me up inside The rope is cut Eyes forever shut I am falling! Falling!

What I used to feel? What I used to need? I don't know who this is from who I need to be feed

Ghosts keep haunting me In my shattered soul And they make it heir abode Take my self control

Take my self control And as a blind man I would dance Take my self control My fate tore me up inside
