

## Black Daemon

Darkthrone

Daimon  
It's been years  
Daimon  
Since I discovered the other world  
The other world  
Where shadows draped to our feet

Evil  
Possess me

I pretend  
But daemons  
I can only  
Dream of

In coldness and darkness  
I know I'm possessed

Bodies  
Are what we all see  
Dead or alive

We're alive  
But our truth is dead

Invisible  
For all to see

Demon  
When it's cold and dark  
Possess me

More and more
