

Black Dawn Affiliation

Darkthrone

Unworthy opponent
In its garish hew
Oval ringleader
Voodoo witches brew

Tie you to your victim
Rule in hell's domain
Stern and cold aggression
Mantra and refrain

Trailheads ablaze
I turn and watch you
Accomplish nothing
A long ways away

Tremendously sturdy clout
Sad eyes behold the untouchable
Levelled virtue beacons
Rattle in the sack of gloat

Rugged, angry mountains
Heave and come to life
Distinguished majesties of hatred
Woe be the ill-fated
