

## I Muffle Your Inner Choir

Darkthrone

I muffle your inner choir  
Rehearsing twisted screams  
Level the jester's dream  
Numbening your live wire

Click your shit boots together  
We are not in hell anymore  
In the land of the blind  
The one eyed man is dead

Stew hack disagree  
Brew the divine sweat  
Eat the forest alive you unman  
Pollute the entrails

Click your shit boots  
We are not in hell anymore  
In the land of the blind  
The one eyed man is dead
