

Love In a Void

Darkthrone

Too many fools blocking my motion
Clouding my eyes...must be the potion
Spots on my eyes...must be the lotion
Love in a void...it's so numb
Avoid in love...it's so dumb
Love in a void

Too many bigots for my liking
Too many critics...too few writing
Rabid dogs that just ain't biting

Love in a void...it's so numb
Avoid in love...it's so dumb
Love in a void

Jaded reputation on which you're staking
Lots of money for the making
For all the stars they're just faking

Love in a void...it's so numb
Avoid in love...it's so dumb
Love in a void
