

You Are Here

Darlene Zschech

Only by your love
I am breathless
Only by your touch
I am left forever
Longing for your presence
And somehow
Abandoned to the mystery I've found

How your majesty
Once again can
Strike a chord in me
Leaving me surrendered
Knowing I am heaven's
And always worshipping
The love of my life

You are here
You are here with me
Everywhere I go
You are loving me
I am yours
And you are mine
Forever more

Through the valleys low
You will keep me
O where can I go
Holiness surrounds me
Angels all around me
Forever
Shadowed in your glory I hide

You are here
You are here with me
Everywhere I go
You are loving me
I am yours
And you are mine
Forever more
Forever we will sing

Hallelujah, Hallelujah...

Shadowed in your glory
Forever, I hide

You are here
You are here with me
Everywhere I go
You are loving me
...

Hallelujah, Hallelujah...
