

## A Light On In The Dark

Darlingside

Are you swimming with the fish pond fish  
Looking for oceans in the saltlessness?  
Are you spinning in and out of true  
Pink moon playing in the dead of noon?

And here you are  
As nowhere as a northern star  
You're a light, a light on in the dark

Goodbye, goodbye, it's time to go  
Time is a figment on a fig tree road  
Open the door and let the flood back in  
Drift out of yourself and let the day begin  
Roller coast into the aster bloom  
Fly to the sun in your suburban shoes

And here you are  
As nowhere as a northern star  
You're a light, a light on in the dark  
A light, a light on in the dark

Under the unfolding angle of the sun  
Setting is a rising soon to come

Come into bloom  
Blue asters in the afternoon  
You're a light, a light on in the dark  
A light, a light on in the dark
