

Orion

Darlingside

Santa Fe awake in the dark
Look at how uneasy you are
Curtains to the edges at night
Street is full of thunder and light

Sink into the infinite time
Trace it to the belt of Orion
Elbow out into the unknown
Everything in motion's a domino

Go are we gonna go
Go are we gonna go

The paint is peeling off of a dream
Pool is draining into the sea
Tomorrow is beginning to take
An equal and an opposite shape

The beach is just a line in the sand
The tide is in the palm of your hand
It's looking like the start or the end
Either way ahead is around the bend

Go are we gonna go
Go are we gonna go
Go are we gonna go
Go are we gonna go
