

Shimmer

Darlingside

Everybody think they're Rambo
Shooters out
Pointed at the God
On sidewalk tryna keep his family alive
Pistol on his on side
Children on his mind like oh
If somebody gonna get me
Bet it's somebody I know

Might be time to drive slow
Nowadays the block is hotter
Than I ever thought it was before
Back when papa closed the door
It made me want to hold my kids close
Once I saw him overdose
Now I don't want know about the world
Getting harder to approach

At the bottom like whoa
Eating my soul
Can't let it go
And hell is cold on God
Don't believe in heaven
But screaming oh my Lord
All this pain pouring on me
Getting harder to absorb

Can't ignore it no more
The terror is tearing me apart
It all hurts
So is there any room for a sinner
Though my crown dirty
Thinking my soul might shimmer

Soul might shimmer
Soul might shimmer
Soul might shimmer
Soul might shimmer

Don't believe in heaven
Screaming oh my Lord

Somebody gonna get me
Someone I know

Pain pouring on me
Getting harder to ignore

Don't wanna know about the world
Can't let it go

Soul might shimmer
Soul might shimmer
Soul might shimmer
Soul might shimmer

Soul might shimmer

Can't let it go
