

## Making Moves

Darren Espanto

I took a look at your photograph  
The one you posted in Instagram  
Can't believe that it's been that long

We took a selfie and closed our eyes  
Something about it's got me mesmerized  
And now I can't wait to see that face again

Caught me makin'

I don't want, don't wanna fight this feelin  
That I can't shake, I can't shake  
Come on, come on, let's get it on  
Hop skip and step to the beat of my heart  
I can't explain, your music takes away my pain  
I gotta see you again, so I'm makin moves

So up up up and away I go  
Leaving behind the life I know  
Tell me why did we wait so long?  
Coz I remember you standing there

The smell of flowers in your hair  
So won't you take me to that place again

You got me makin'

I don't want, don't wanna fight this feelin  
That I can't shake, I can't shake  
Come on, come on, let's get it on  
Hop skip and step to the beat of my heart  
I can't explain, your music takes away my pain  
I gotta see you again, so I'm makin moves

Can't stop, I'm on my way to you  
I know that I've got to got to make a move  
So you've got me all in  
I'm coming, I'm coming

I can't explain, your music takes away my pain  
I gotta see you again, so I'm makin moves
