

All You Pretty Things

Darren Hayes

All you pretty things
Yeah all you pretty things
All you pretty things
Came here to dance
You came here to find love
And you're all such pretty things
And you'll remain pretty things
Until the end of time

Juan and Drew were getting married
They were honestly in love
And Top Hat Eddie had a big heart
Luis' smile lit up the park

And just for one night
The world's problems seemed to fade away
Under flashing lights
I wish that things would always be this way

So never forget
And never give up
But don't ever stop
Keep dancing the pain away
Don't let the past
Steal from today
As long as we've got our memories love remains

Kimberly was always smiling
Eddie was his mamma's heart
Anthony he sure could salsa
Brenda was the coolest Mom

And just for one night
The world's heartache seemed to disappear
Under strobe lights
Everyone is beautiful in here

So never forget
And never give up
But don't ever stop
Keep dancing the pain away
Don't let the past
Steal from today
As long as we've got our memories love remains

We've got to
Dance to remember them
Dance to remember them
Dance to remember them
We've got to
Dance to remember them
Dance to remember them
Dance to remember them

All you pretty things
Yeah all you pretty things
All you pretty things

Came here to dance
And you came here to find love
And you're all such pretty things
And you'll remain pretty things
Until the end of time

So never forget
And never give up
But don't ever stop
Keep dancing the pain away
Don't let the past
Steal from today
As long as we've got our memories love remains

So never forget
And never give up
But don't ever stop
Keep dancing the pain away
Don't let the past
Steal from today
As long as we've got our memories love remains

We've got to
Dance to remember them
Dance to remember them
Dance to remember them

We've got to
Dance to remember them
Dance to remember them
Dance to remember them

We've got to
Dance to remember them
Dance to remember them
Dance to remember them

We've got to
Dance to remember them
Dance to remember them
Dance to remember them...
