

You're Shining

Darren Styles

I feel alive
Now I can breathe again
I call your name
My friend

I'll hold you close
There's fire in my soul
So run to me
Again

I feel you, I want you
I know your touch is all I need
I'm waiting, you're shining
X2

I feel alive
Now I can breathe again
I call your name
My friend

I'll hold you close
There's fire in my soul
So run to me
Again

I feel you, I want you
I know your touch is all I need
I'm waiting, you're shining
X2

You're shining

You're shining

I feel you, I want you
I know your touch is all I need
I'm waiting, you're shining
