Home
I'm so far from home
And she's gone

I messed up in Memphis

Alone
Out here on my own
The night is young
Messed up in Memphis

Oh, there's music in the air tonight
City lights and I hear those Beale Street blues
Telling me it's gonna be alright
Let it go
You got nothing' left to lose

Oh, pain I don't feel no pain Messed up in Memphis

Oh, there's music in the air tonight
City lights and I hear those Beale Street blues
Telling me it's gonna be alright
Let it go
You got nothin' left to lose

Oh, glance
Just a passing glance
A second chance
Messed up in Memphis

Fire
Painted lips on fire
Love for hire
Messed up in Memphis

Love for hire Messed up in Memphis
