

# Tractor Time

Darryl Worley

I been burning it up at both ends  
Day and night and I been  
Rode hard, put up wet  
Ain't had time to catch my breath

Boss man keeps on nagging  
Keeps my hind and dragging  
I could wake up dead  
If I don't clear my head

Gotta have some tractor time  
Little break from the daily grind  
Drop that bush hog down  
Go 'round and 'round  
Get the whole world off my mind  
Reset my sanity  
Back 40 therapy  
Where the weeds get high  
And so can I  
When I let myself unwind  
Hitting that tractor time

Yeah. Some folks go out hiking  
Horseback and mountain-biking  
Golf clubs 18 holes  
A bass boat full of fishing poles  
For others, it's bar-hopping  
For my baby, it's just shopping  
But when I get all worked up  
With too much in my cup

Gotta have some tractor time  
Little break from the daily grind  
Drop that bush hog down  
Go 'round and 'round  
Get the whole world off my mind  
Reset my sanity  
Back 40 therapy  
Where the weeds get high  
And so can I  
When I let myself unwind  
Hitting that tractor time

Talking 'bout pasture time  
Losing all track of time  
Out here kicking up dust  
I could never get enough of this tractor time

I gotta have some tractor time  
Little break from the daily grind  
Drop that bush hog down  
Go 'round and 'round  
Get the whole world off my mind  
Reset my sanity  
Back 40 therapy  
Where the weeds get high  
And so can I

When I let myself unwind  
Hitting that tractor time

Tractor time  
That tractor time  
That tractor time  
I need some
