

Beautiful Alien

Darude

I can smile like you do,
move my body like you,
I might seem like you too, but I'm not.

You see I came from afar to the place where we are,
searching for a star I might never find.

And I will never be like you.
(I'm a beautiful alien)
No, I will never be like you.
(I'm a beautiful alien)
'Cause I'm in love among the stars
'Cause I'm in love among the stars
(I'm a beautiful alien)
'Cause I'm in love among the stars
(Beautiful alien)
'Cause I'm in love among the stars
(Beautiful alien)
And I will never be like you
(I'm a beautiful alien)
No, I will never be like you
(I'm a beautiful alien)

I was always this way of the path
Let us stray
In a wonderful state of mine

You see I came from afar to the place where we are,
searching for a star I might never find.

And I will never be like you.
(I'm a beautiful alien)
No, I will never be like you
(I'm a beautiful alien)
'Cause I'm in love among the stars
(Beautiful alien)
'Cause I'm in love among the stars
(Beautiful alien)
And I will never be like you
(I'm a beautiful alien)
No, I will never be like you
(I'm a beautiful alien)
(Beautiful alien)
(I'm a beautiful alien)
