All My Friends

Darwin Deez

I have a dream
I lay awake alone beside a stream
Frogs and crickets working as a team
To set the scene
The grass is green
There's a lake
Fog on top of silver like a cake
The sky is clear
So I see straight up past the swaying pines
And in my dream, there is no time

All my friends come along

Da-da-da-da-da
Da-da-da, Da-da-da-da
Da-da-da, Da-da-da-da
