Moonlit

Darwin Deez

Yeah, you made me moonlit
But it’s all gone dark now but I’m used to it
Yeah, you made me moonlit
We had it right here so how’d we lose it?

Half of my closet and all my weekends
But I would rather hang with your blouses than your friends

Baby, let’s face it we should take a vacation
Anything would be more fun than the phase we’re in

[chorus]

I’m water vapor climbing
From the button-down you’re ironing
You’re so sexy when you set me to good use
But once you do I long to get loose

[chorus]
