

# Moonlit

Darwin Deez

Yeah, you made me moonlit  
But it's all gone dark now but I'm used to it  
Yeah, you made me moonlit  
We had it right here so how'd we lose it?

Half of my closet and all my weekends  
But I would rather hang with your blouses than your friends

Baby, let's face it we should take a vacation  
Anything would be more fun than the phase we're in

[chorus]

I'm water vapor climbing  
From the button-down you're ironing  
You're so sexy when you set me to good use  
But once you do I long to get loose

[chorus]
