

Down Down

Daryl Braithwaite

You hear a hundred thousand times
About the good, about the bad
You look into my eyes and see
The happiness has gone to sad

I hate to be the one to tell you
I don't live here anymore
It's hard to see the top when you're going
Down down down

Maybe it was all for nothing
Maybe it's time you learned
It's hard to see the top when you're going
Down down down
We're going down down down

I gotta know before I go
Did you mean anything you said
Or was it all just for the show

I hate to be the one to tell you
Living in our own two lies
It's hard to see the top when you're going
Down down down

Maybe it's the same old story
Afraid to go and break the ties
It's hard to see the top when you're going
Down down down
We're going down down down

Come on, it takes two to make it
And I know that I ain't no saint

All I want is someone to count on
And I don't want to have to wait

I hate to be the one to tell you
It's been a long time coming
It's hard to see the top when you're going
Down down down

Maybe looking back we knew that
We don't live here anymore
It's hard to see the top when you're going
Down down down
We're going down down down
