

Up-Out

Daryl Braithwaite

All alone at the end of the day
With the thoughts that bring back the times
All the things including the pain
Can't forget the good and the bad

I can feel that it won't be long
I can tell by the look in your eyes
Now I know that I have changed
Somewhere deep inside I know

I feel it getting stronger
A certain kind of hunger
At last I think I've found a way

Up-out - I can feel what's burning inside of me
Up-out - I'm still learning, learning to see
Up-out - yes, I'm still looking inside of me

The times when I knew that I was right
And my head made me change my life
I needed something to push me on
It came from my love of my son

Up-out - I can feel what's burning inside of me
Up-out - I'm still learning, learning to see
Up-out - yes, I'm still looking inside of me
Yes, I can see - I'm nearly free

I've been standing here so long
I can see where I've come from

Up-out - I can feel what's burning inside of me
Up-out - I'm still learning, learning to see
Up-out - yes, I'm still looking inside of me
