

You Could Be Wrong

Daryl Braithwaite

Speaking these words so clearly
They're never heard
You're strength just fades away
Tears will burn
Dreamin' of conversations
I picture your words
All this senseless searchin'
When it all seems so wrong
The dream's not gone

Don't go too far from here
Don't stay too long
Don't say it's not easy
'Cause you know you could be wrong
Yes, you know you could be wrong

Hearin' a thousand voices
They're so disguised
I'm shadowed by your fear
When it all seems so wrong
You know you could be wrong

Don't go too far from here
Don't stay too long
Don't say it's not easy
'Cause you know you could be wrong
Yes, you know you could be wrong

Don't go too far from here
Don't stay too long
Don't say it's not easy
'Cause you know you could be wrong

Don't go

Don't go too far from here
Don't stay too long
Don't say it's not easy
'Cause you know you could be wrong
Yes, you know you could be wrong
