

# Beautiful

Daryl Ong

It's beautiful life  
Forever I'll stay by your side  
It's beautiful life  
Always standing right behind you  
Beautiful love  
Cause we're standing under the same sky  
Even though we are world's apart

Beautiful life  
Beautiful day  
Though I am only living in memories  
Beautiful life  
Beautiful day  
Won't you let me inside your heart  
Beautiful my love  
Beautiful your heart  
It's beautiful life  
It's beautiful life

It's a beautiful life  
Is it forever you and I?  
It's a beautiful life  
I hope we'll never say goodbye, no no no no  
Beautiful love  
Your tears, your smile, it completes me  
And always will until the end of time

It's beautiful life  
Beautiful day  
I've never felt like this, it's crazy  
Beautiful life  
Beautiful day  
I will never wanna lose you  
Beautiful my love  
Beautiful your heart  
It's beautiful life

Every moment spent with you stays in my heart  
Never fading, even though we're space and time apart  
Memories of you  
It keeps my heart beating

Sorrowful life  
Sorrowful day  
I cannot take all this sadness without you  
Sorrowful life  
Sorrowful day  
How can I ever live without you?  
Beautiful my love  
Beautiful your heart

It's beautiful life...
