

Going Through Hell

Daryle Singletary

Nobody's ever hurt me like you hurt me
Never been burned like that before
Now you're right back on my doorstep
But I ain't gonna fall for that no more

Think I'm gonna fall down
On my knees now
I'm gonna beg the Lord
To forgive me of my sins
One of these girl
We're all gonna leave this world
And I can't stand the thought
Of goin' through hell with you again

Everybody told me you were evil
Guess I refuse to see the bad
I woulda sworn you were an angel
Baby you were anything but that

So I'm gonna fall down
On my knees now
I'm gonna beg the Lord
To forgive me of my sins
One of these days girl
We're all gonna leave this world
And I can't stand the thought
Of goin' through hell with you again

I'm gonna be a prayin' man
'Cause I can't afford to take the chance

So I'm gonna fall down
On my knees now
I'm gonna beg the Lord
To forgive me of my sins
One of these days girl
We're all gonna leave this world
And I can't stand the thought
Of goin' through hell with you again

I can't stand the thought
Of goin' through hell with you again
