

I've Thought Of Everything

Daryle Singletary

Here's the map of Mexico
And the souvenir glass we took home
Here's the shirt we bought at Graceland
She was always the Kings biggest fan
How I think about the places we've gone and seen
And it's safe to say I've thought of everything

I think about that night down in Memphis
Going under those bridges I that river boat last spring
I think about that weekend in Cancun
It was our second honeymoon
Walking hand in hand up and down that beach
When I try to get her off my mind
And out of my dreams
There's no way I've thought of everything

Sometimes when the phone rings
I still hope it's her on the line
But there's no way she could call me
She's left me too far behind
I try to think of ways to bring her back to me
And it's safe to say I've thought of everything

I think about getting on a jet airplane
To get to her some way but it can never fly that high
I think about asking the good Lord
To give me what I've prayed for each and every night
When I try to get her off my mind and out of my dreams
There's no way I've thought of everything

I think about asking the good Lord
To give me what I've prayed for each and every night
When I try to get her off my mind and out of my dreams
There's no way I've thought of everything
It's safe to say I've thought of everything
